I am a developer with experience in working for startups, with a strong focus on building innovative web applications. I've worked primarily as a front-end developer, but I also held other roles, working in many fields with various languages and frameworks. I work and communicate well as part of a team and I'm flexible on my roles and responsibilities.

### SKILLS

#### Front-end

Tailwind Material UI Gatsby

#### Back-end

Java PHP MySQL PL/SQL

#### Testing

Jest Vitest Cypress Happo

### WORK EXPERIENCE

#### Front-end Developer | [20tab S.R.L](#)

Apr 2023 - Dec 2024

📍 Roma, RM

React Next.js Styled-Components Cypress Jest Leaflet Django Wagtail CMS Docker Web

20tab is a company that specializes in digital product management and development, with a focus on creating innovative solutions that aid businesses in reaching their goals through efficient and effective digital strategies. Throughout my work at 20tab, I achieved the following:

- Adopted development methodologies with continuous discovery and iterative delivery taking into account clients' needs and feedback to provide effective and innovative solutions.
- Handled the creation and development of a web magazine with a specific set of tools and features available to its editorial team.
- Managed the front-end development of many applications, giving importance to aspects like the accessibility and the end-users' experience.

#### Full-stack Developer | Critical Adventures S.R.L

Jan 2019 - Jun 2021

📍 Bologna, BO <https://spino.dev/experience>

Angular Ionic RxJS NodeJS Express Socket.IO MongoDB Web Android iOS

Critical Adventures is a start-up that develops tools and services for tabletop and RPG games to make them playable on mobile platforms.

- Throughout my work at Critical Adventures I maintained and developed the core app services by working on many full-stack features and thus improving the end-users' experience.
